Harding "Plain Talk" Expected To Result In Coal Strike End

MAYOR OLES OF YOUNGSTOWN TO RESIGN

YOUNGSTOWN, O., June 30.—Mayor George L. Oles, nationally known "reform" mayor of Youngstown, announced this morning that he will resign, effective at once. No statement accompanied the announcement.

Oles said that he would call a special meeting of council for tomorrow morning to act on the resignation. William G. Reese, republican, president of the city council, will automatically succeed Oles. "My head is full of public troubles, enough to last me the balance of my life. My head is full of praise, enough to last me the rest of my time," said Mayor Oles, later, in setting forth reasons for his resignation effective Saturday. "I am resigning the mayorship for the reason it is impossible for an honest man to do anything in the mayor's office. If I don't enforce the law I make enemies. If I do enforce the law I make enemies. I can't enforce the law on duty at war-time pay with the city clerk."

"I want my friends and supporters to forgive me for resigning this position as it is impossible for me to do anything for them. I know my enemies will be pleased that I resign," he continued. "The mayor then scored business men for supporting a referendum to keep police on duty at war-time pay with the city clerk."

"One thing I have done for the taxpayers of the city, I have enlightened them. I have shown them how their money has been spent in the past and how it was wasted; how sixty-two cents of every dollar received went to pay interest and sinking fund charges."

"Talk about a thankless job. If there was ever any job on earth there is none compared to this. I have given away \$2,500 of the hardest earned money I ever received in my life or ever will earn. I have given five hundred \$5 food orders to the poor of this city and I received thanks for this. Wonderful. I cut the city's budget \$300,000, and made many enemies."

TWO SERIOUSLY HURT WHEN CAR TAKES PLUNGE

SCRANTON, Pa., June 30.—A crowded street car jumped the track at Carbondale, twenty miles north of here, this morning and plunged from a bridge into Coal Brook, a drop of fourteen feet. Eighteen of the passengers were injured, some probably fatally. Policemen and firemen were rushed to the scene to aid in the rescue work. Ambulances were summoned from all hospitals at Carbondale. Automobiles also were pressed into service in removing the injured.

Joseph Barrett, 18, and Alexander Kennedy, 14, both of Carbondale, who were sitting on the railings of the Brooklyn street bridge as the car came along and left the rails, were buried under the wreckage and little hope is held for their recovery.

The rear trucks of the car left the track just as it reached the bridge. The rear end of the car plunged into the brook and telegraph poles prevented the car from somersaulting.

DEXTER NAMED HEAD OF OHIO YANK SCHOOL

WASHINGTON, June 30.—Edwin Dexter, of Calais, Maine, today was appointed by Director Forbes of the veterans bureau as president of the government vocational school for war veterans at Chillicothe, Ohio. Dexter succeeds J. N. Pritchard, recently resigned.

WASHINGTON, June 30.—Evidence multiplied today that President Harding and his cabinet advisers are going to hand out some exceedingly "plain talk" to the operators and miners when they gather at the White House tomorrow morning to discuss methods of ending the three months strike which has brought the country to the verge of a coal famine and industrial paralysis.

At the president's elbow when he talks with the combatant groups will be four members of the cabinet—Secretary of Commerce Hoover, Secretary of Labor Davis, Attorney General Daugherty and Secretary of the Interior Fall, according to present plans. Hoover is regarded as representing the operators, Davis the miners and Daugherty's presence is intended as a sort of informal government guarantee against possible indictment of either side for "collaboration" while Fall is regarded as a cabinet neutral whose presence is desirable because of the extensive mining interests that come under his department.

To Play Operators The president is expected to frankly warn the operators and miners, but principally the operators that their present methods of conducting the coal business constitutes a direct menace to the public interest and unless there are remedial changes the government unwillingly will be forced to consider the problem of protecting itself against the coal business. There is little doubt that those measures include federal regulation of the coal mining industry after the manner in which the railroad industry has been brought under governmental regulation. "Either put your own house in order or the government will be called upon to step in and do it in the public interest. That, it is understood, will be the burden of the president's message."

BANDIT KILLED, TWO MORE HURT IN BANK HOLDUP

PHILADELPHIA, June 30.—One bandit is reported killed and a policeman and two employees of The Textile National Bank here were wounded today in a running battle between motor bandits and payroll messengers at Fourth and Cambria streets. The dead bandit, it is said, was dragged into the motor car by his companions who escaped.

OHIO WOMAN SUICIDES

COLUMBUS, June 30.—Morbidity, due to a nervous breakdown, is believed responsible for the suicide of Miss Gertrude Wegner, 35, 534 East Rich street. She jumped into the Big Walnut creek, near the Canal Winchester bridge. It is expected the body will be taken to Buchtel, Athens county, her former home, for burial. Funeral arrangements will be made when a brother arrives from Buchtel.

WASHINGTON, June 30.—A

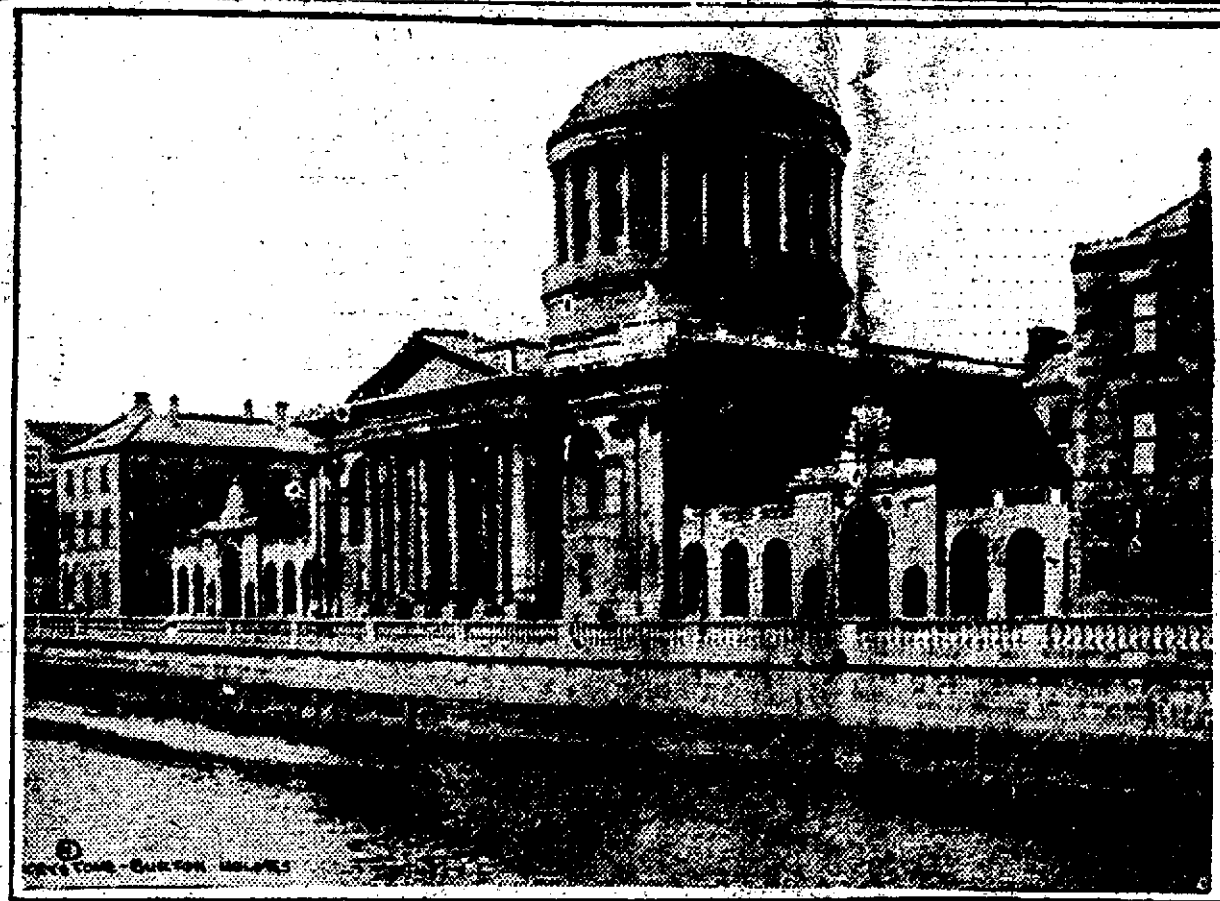

drastic blow was struck at profiteers today when government regulation of retail sale prices on all importable products was proposed in the senate through levying of prohibitory taxes in the tariff bill.

THREE "WIVES" CLAIM THIS MAN'S INSURANCE

NEWARK, N. J., June 30.—A court was called on today to decide which of three negroes was entitled to the \$500 insurance left by Thomas B. Taylor, a negro, who died October 11. All three claimed the money, reciting, to substantiate their statements, the dates of their matrimonial ventures.

The court compared the handwriting and the dates given by the two women whose claims were of most recent date, with the dates of the policy, deciding in favor of Lulu Belle against Lulu Kate Taylor, who said she had been separated but not divorced from Taylor for 16 years was eliminated early in the consideration.

TROOPS PLAN TO SURROUND COAL MINERS

CHARLESTON, W. Va., June 30.—National guard troops assisted by state police and deputy sheriffs, sent into the Cabin Creek field early this morning following reports that armed miners were gathering for a march on Dry Creek Branch mining properties, are endeavoring to surround the armed bands, according to reports received here just before noon. Law forces were drawing in on the miners numbering about 75, reported to be in the vicinity of Crown Hill, from different directions with the expectation of effecting a junction this afternoon. The miners were said to be trying to get out of their position but the state troops were rapidly cutting off their avenues of escape.

Many Listen To Radio Concert, Mayor Gives Talk

Several hundred people listened to the program given by the Elyria Radio Club in the city park last evening, and the entertainment lasted from 7 o'clock until nearly ten. It was in charge of R. E. Stark, vice president of the club, and his receiving set on Park avenue was used. The cables of the Elyria Telephone Co. brought the sound waves through their station where they passed through amplifiers relayed it to the station in the band stand in the park. The Telephone Co. also furnished the apparatus in the park.

Concerts and entertainments given by the Detroit Free Press, the Detroit News, and by the Cleveland Radio station was presented.

A feature of the evening's entertainment was a ten minute talk by Mayor Asaph Jones. He talked through the telephone in his office telling of his recent trip to Toronto. It was relayed through the telephone office to Park avenue, then back through the cables again to the city park. His voice could be plainly heard on the steps of the court house, and in the office at police headquarters. In fact it was plain at that distance than when close to the stand in the park.

Other concerts and entertainments are to be given in the future and due notice will be given so that the public can be on hand to hear them.

The club will give another concert on Saturday night. At that time it is expected that the concert given in Cleveland for the benefit of the American Legion at Music hall will be relayed to this city.

13 Booze Violators Of Elyria Assessed \$1000 Dow Tax Fine

Forty-one violators of the state liquor laws are due for a rude awakening when they find that County Auditor Monroe Welty, has placed them on the tax duplicate for \$1,000 each, and \$200 penalty in addition under the Aiken law. Each of them owns property and each one has been convicted in court and has already paid fines for violation of the liquor laws. Of this number thirteen are from Elyria, and the balance are from Lorain. The list follows:

Elyria
Victoria Bryski, Elyria, 134 Warren avenue.
Claude Dimpter, 748 W. River street.
Steve Hell, 209 W. River street.
Mary Horwath, 609 W. River street.
Arthur Kurtz, 501 W. Third street.
John Laemonowicz, 121 Lodi street.
Andy Nagi, 534 Vulcan street.
John Niecucki, 129 Lodi street.
Julia Olah, 537 Irondale street.
George Purgal, 209 W. River street.
Steve Lupsak, 121 Bath street.
Frank Slobi, 121 Lodi street.
William Wagner, 120 Middle avenue.

RECOGNIZE LITHUANIA INDEPENDENT NATION

PARIS, June 30.—The inter-allied council of ambassadors today recognized Lithuania as an independent nation. It was formerly a part of the Russian empire. The United States was not represented at the meeting.

AMERICAN RETURNS WITH BRITISH GOLF TROPHY

NEW YORK, June 30.—The trophy, emblematic of the British open golf championship, is due to arrive here late today in the custody of Walter Hagen, home-bred American, who won it at Sandwich. Hagen and the cup will arrive on the Aquitania to be met at the pier and paraded up Broadway to City Hall by hundreds of enthusiasts.

At City Hall Mayor Hylan will greet Hagen on behalf of the city with a formal address of welcome.

GIVEN \$2,000 JUDGMENT IN AUTO INQUEST
A jury in Judge Redington's court yesterday afternoon awarded Herman Youngberg \$2,000 damages against Antonio Dombroski, of Lorain. Youngberg was injured when the defendant ran his automobile into a road barrier in which the plaintiff was sitting.

Johnson Divorce Files Are Still Among 'Missing'

The petition asking for a divorce filed three weeks ago by Harold Johnson, ostensibly of Cleveland, but who gives his residence as Elyria, against Jean Winston Johnson, withdrawn immediately after filing has never been returned to the clerk's office, but is kept in the office of H. C. Johnson, his step-father, where it is safe from the prying eyes of a curious public. An attempt will probably be made for a star session of court when the divorce case comes up for trial.

The Clerk of Court is the legal guardian of these files.

AKRON GETS PLANT

AKRON, June 30.—The Anaconda Copper Mining Company, closed negotiations here today for a site to erect a subsidiary zinc oxide plant whose total output will be devoted to filling the demand from Akron rubber companies and eastern paint manufacturers. The plant will employ several hundred men and is expected to begin operations shortly after the first of January, on the erection of four buildings and putting in spur railroad connections will start within sixty days.

Irregulars Dislodged—Commander O'Connell Is Held Captive

LONDON, June 30.—Republican irregulars who have been battling free state troops at Dublin since Wednesday morning, were defeated this afternoon. Four Courts building, chief fortress and stronghold of the irregulars was surrendered to the free state troops at 4:10 o'clock. Roderick "Rory" O'Connell, commander in chief of the irregulars, is reported a prisoner in the hands of the free state troops. All of the irregular soldiers in the Four Courts building were said to have surrendered unconditionally to the free state troops.

Fire Destroys Building.
The Four Courts building has been wrecked by fire, artillery shells and explosions. There was a violent explosion in the main part of the building during the afternoon which was first said to have been caused by a high explosive shell, later by a mine set off by irregulars and still later by stored up explosives which had been set off by fire.

From 30 to 40 free state soldiers were reported to have been killed by the explosion, but this is not officially confirmed yet by the Irish provisional government at Dublin.

The republican casualties were said to have been comparatively light. The free states are believed to have lost about 150 men in killed and wounded.

After the fall of the Four Courts building, regulars began attacking republican outposts. The entire city of Dublin. Fighting was still in progress at last reports.

Irregulars fired upon British soldiers in Talbot street, Dublin, during the afternoon. The British returned the fire with machine guns.

O'Connell Is Safe.
General O'Connell, of the free state army, who was seized by the republicans as a hostage, is reported safe.

Fighting has spread from Dublin to a number of counties. At Buncrana, Letterkenney and other rebel strongholds in the provinces, the regulars have begun to round up the irregulars.

Eamonn Devalera was reported this afternoon to be fighting in the irregular army.

INDICTED FOR SLAYING GIRL

MINEOLA, L. I., June 30.—William Cressy of Covington, Ky., was indicted for first degree murder this afternoon in connection with the death of his former sweetheart Miss Edith Lavooy, of Freeport, a school teacher. Cressy is alleged to have killed Miss Lavooy with a pistol, but he denies this saying that the girl killed herself.

Following the girl's death letters were found which were said to discredit Cressy's story.

MRS. IRENE MARTIN DIES AT HOSPITAL

The death of Mrs. Irene A. Martin, 44, took place yesterday afternoon at the hospital. She was the mother of Mrs. John Foley, of Lake avenue, where she made her home. For a long time Mrs. Martin was bookkeeper at Wheaton Bros. grocery, and enjoyed a large acquaintance.

She is survived by her daughter, her father, and the following sisters and brothers: Mrs. George Fey, Mrs. Nell Morris and Bert Ryan, all of Buffalo.

Funeral services will be held Saturday afternoon at 2 o'clock at the Sudro parlors, conducted by Rev. E. B. Redhead. Burial at Ridgewood.

AUTOIST RECOVERING
Nick Papista, Cleveland man hurt Wednesday in an automobile accident on the Oberlin road, will recover, in the opinion of his physician. He hopes to restore the man to health but thinks he will be crippled.

Believe Tie-Up Set For Saturday Will Be Averted At Meeting

CHICAGO, June 30.—B. M. Jewell, president of the shop crafts organization which authorized a strike at 10 o'clock tomorrow morning, this afternoon notified the United States Labor Board that he would not attend the inquiry ordered by the board.

The notice from Mr. Jewell was received shortly before the hearing scheduled to be started at 2 o'clock was to begin.

The board then went into consultation.

A. O. Wharton, labor member of the board said: "Mr. Jewell's refusal to appear, if true as reported, is in line with a letter he sent the board saying that he would not come before the board but take the matter up with the roads, which he has done. He said at the time that previous efforts to secure reconsideration had not met with favor."

MEX. BANDITS RELEASE ALL U. S. CAPTIVES

CHICAGO, June 30.—With 400,000 railroad shopmen working at 10 o'clock tomorrow morning is a strike that would seriously handicap the operation of country's railroads, will be held at a hearing under the vision of the United States road labor board which began at 2 o'clock this afternoon.

There was a strong sentiment of feeling prevalent morning that a basis of compromise would be found that would avert the walkout.

Roads May Yield
Although there has been no official announcement of the plan of settlement which the labor is believed to have formed, the prevalent understanding is that the railroads will yield the matter of wage reduction.

The possibility that the might hold out a promise of unions of wage increases business conditions warrant is being discussed.

The developments of the twenty-four hours have been the issue of contracting out work sharply to the front.

the question of wage cuts is regarded as a thorn in the side of the rail employees, it is understood that opposition to the contracting plan was one of the best incentives that provoked over-whelming strike vote.

The labor board already branded the contracting of work as an evasion of the transportation act. Only 19 of the class A railroads of the country have been accused of violating boards rules against this practice and they have been cited to appear before the board today.

It is believed that an agreement will be reached whereby all roads pledge themselves to abolish practice.

Union Leaders Silent
Union leaders carefully reined in from making any definite statement of their attitude. B. M. Jewell, president of the railroad (Continued on Page Two)

Clerk Aspirants Both Take Leave

Clerk Frank Ellenberger, of the county commissioners' office, has been granted a vacation, and Attorney A. H. West will take his place while he is absent.

Miss Mabel Marsh, deputy clerk of courts, has been granted a leave of absence for the month of July.

Both are candidates for the clerk of courts nomination.

FARM DIRECTORS' MEETING

The board of directors of the Lorain County Farm Bureau are meeting this afternoon with H. C. Ransour, director of the State Bureau. Matters concerning the welfare of the local association will be discussed.

FLAPPER DEPUTY
LIMA, O., June 30.—Lima lays claim to the first bobbed-haired deputy sheriff in Ohio. She is Miss Ruth Callahan, who submitted to the style rage by having her black locks shorn.

The deputy denied that she did it to be at an advantage in capturing criminals by her charm and gave the usual alibi—loss of hair.

STATE TROOPS QUELL MARCHE OF PA. MINERS

CHARLESTON, W. Va., June 30.—With the arrival this morning at Dry Branch, in the Creek district of 100 state miners, including a machine unit, confidence was reit in state officials here that the threatened outbreak of miners, caused the calling out of troops last night, would be averted. No untoward incident marked transport of troops to Dry Branch according to early reports.

The situation in the Creek district has been pointed outwards trouble for several state officials said. Minor disturbances have occurred and rumors were prevalent indicating more serious trouble was brewing.

In dispatching the troops, error Morgan explained that action was taken mainly as a precautionary measure.

The militia, transported to scene in automobiles, carried about 100 rounds of ammunition each.

RASPBERRIES REACH MARKET

The housewife can find plenty of material in the market for canning at present and by taking advantage of the time when the supply is large can succeed in putting up a good variety of fruits and berries at a reasonable price. Saturday will see the end of the strawberry season, one of the best in a number of years. Black raspberries are now coming in and are selling at 30c a quart. Red raspberries bring 50c a quart. Black currants sell at 20c a quart. Red currants are offered at 15c and there is a good supply at present. Gooseberries are so plentiful at 15c a quart. There has been a

world of cherries this year and there are still plenty of them in the market at 12c a quart. Apples that are shipped in from the south are selling at two pounds for 25c. They are small and immature. Peaches are also arriving and sell at 15c a pound. The price of berries and of small fruits, especially raspberries, will drop during the coming week as the crop is just coming in and there is a large crop to be harvested.

The price of meats and fish are stable at this time of the year, and practically no changes have taken place during the past week. Try a Chronicle-Telegram Want Ad.

MILK PEDDLER HELD UP ROBBED OF 19 CENTS
Roy Hokin of 223 Bath street reports that while he was delivering milk on West River street Wednesday morning early, he was held up by two negroes who took 19c from him, all the money he had. He gave a good description

of the men, and the police are inclined to think they were sent, as the robbery took place near the railroad. When a woman without a was married at Christ church, Zealand, the ring was placed on the fourth toe of her left foot.

STALL COUNTY GARAGE IS NEARING COMPLETION

The new six stall garage built for the use of the county in the rear of the jail building is practically completed and will be ready for occupancy within the next week. The building has six stalls for machines, a cement floor, swinging doors, and can be easily heated in the winter to prevent the cars from freezing. The architecture is simple, but artistic and is in keeping with the architecture of the jail building.

It has been estimated that a woman can throw a ball 45 per cent of the distance a man can throw it, but she can jump 62 per cent of the distance that a man can jump.

WHAT TO BUY-AND-WHERE TO BUY IT

Urges Grocer To Advertise More

CLEVELAND, June 30.—The retail grocer must advertise extensively if he expects to find a ready market for products. Chas. W. Myers of Chicago, general advertising manager of Morris & Co., declared yesterday in an address before the National Association of Retail Grocers' convention at Hotel Winton.

"People and things comprise the world," he said. "Advertising is the art of persuading people to buy things. People are interested more in themselves and in other people than in anything else. The housewife frequently asks her neighbor or her acquaintance what result she has obtained from certain food products. This in itself is a certain form of advertising. "But the retail grocer should not depend solely upon this. He should adopt every possible phase of judicious advertising that will benefit his business. "Always look at you store thru

the eyes of the buying public. How does it compare with other stores? What is it the leaders of the trade are doing that you are not doing? Superior selling methods these days are a big help in moving merchandise profitably. Attend your association meetings regularly. Keep abreast of the times. When taking inventory of your business and its prospects, check up on your age, your activity, your health and your capacity for forging ahead in the greatest business game in the world—selling groceries at a fair profit and delivering them to the consumer."

BUILDING PERMITS SLUMP TO \$38,820 THIS MONTH

Building permits during the month of June took a decided drop over the previous month and only total up \$38,820.

Of this number seven permits are for the erection of dwellings to cost \$25,300. Nineteen are for building garages to cost \$4,020, remodeling \$1,699, and miscellaneous repairs and building \$2,900.

WOMAN SENATE CANDIDATE TO WAGE FLIVVER CAMPAIGN

Mrs. Peter Oleson, her husband and daughter.

Mrs. Peter Oleson of Cloquet, Minn., Democratic nominee for the U. S. senate, will do her campaigning for the toga in an auto.

presented to her by her supporters. She plans to tour every section of the state, even stopping at farm houses for friendly little

chats with the housewives. Mrs. Oleson is opposing Senator Frank B. Kellogg, present incumbent seeking re-election.

SUIT CASE AND TROUSERS ARE STOLEN FROM OFFICE

When Dr. R. R. Bevard returned from a trip to Cleveland, he found that some one had entered his office in Eady block and had stolen a

new suit case and a pair of trousers that went with his Knights Templar suit. The suit case had been opened and a chapeau that was in it was thrown on a rubbish heap in the hall. There is no clue to the thief.

RASPBERRIES REACH MARKET

The housewife can find plenty of material in the market for canning at present, and by taking advantage of the time when the supply is large can succeed in putting up a good variety of fruits and berries at a reasonable price. Saturday will see the end of the strawberry season, one of the best in a number of years. Black raspberries are now coming in and are selling at 30c a quart. Red raspberries bring 50c a quart. Black currants sell at 20c a quart. Red currants are 15c a quart. There is a good supply at present. Raspberries are so plentiful at 12c a quart. There has been a

world of cherries this year and there are still plenty of them in the market at 12c a quart.

Apples that are shipped in from the south are selling at two pounds for 25c. They are small and immature. Peaches are also arriving and sell at 15c a pound. The price of berries and of small fruits, especially raspberries, will drop during the coming week as the crop is just coming in and there is a large crop to be harvested.

The price of meats and fish are staple at this time of the year, and practically no changes have taken place during the past week. Try a Chronicle-Telegram Want Ad.

MILK FEDDLER HELD UP ROBBED OF 10 CENTS

Roy Hoking of 223 Bath street reports that while he was delivering milk on West River street Wednesday morning early, he was held up by two hoodlums who took 10c from him, all the money he had. He gave a good description

of the men, and the police are inclined to think they were students, as the robbery took place near the railroad.

When a woman without a ring was married at Christ church, Zealand, the ring was placed on the fourth toe of her left foot.

Commencing Saturday, July 1st we shall go on a strictly cash basis. By doing most of our own slaughtering we shall be able to save you two profits, namely, the stock buyers & the wholesalers.

UNEARTH PLOT IN GERMANY TO MURDER JEWS

HAMBURG, Germany, June 30.—A plot for wholesale assassination of Jews in Germany, beginning with Dr. Walter Rathenau, late foreign secretary, has been unearthed by the arrest of naval commander Warnecke, it was learned today.

SIX STALL GARAGE IS NEARING COMPLETION

The new six stall garage built for the use of the county in the rear of the jail building is practically completed and will be ready for occupancy within the next week. The building has six stalls for machines, a cement floor, swinging doors, and can be easily heated in the winter to prevent the cars from freezing. The architecture is simple, but artistic and is in keeping with the architecture of the jail building.

It has been estimated that a woman can throw a ball 45 per cent of the distance a man can throw it, but she can jump 62 per cent of the distance that a man can jump.

BOY LEAVES SCHOOL TO CATCH BUGS

James E. Cross and his patented bug catcher.

James E. Cross, Kenton, Tenn., college boy, quit school to fight bugs. Armed with his newly patented bug catcher, "Big Bertha," he has gone forth into the cotton fields and captured as many as ten to fifteen bushels of the cotton weevil. An electric light attracts the bugs and a suction fan draws them into a trap.

Urges Grocer To Advertise More

CLEVELAND, June 30.—The retail grocer must advertise extensively if he expects to find a ready market for products, Charles W. Myers of Chicago, general advertising manager of Morris & Co. declared yesterday in an address before the National Association of Retail Grocers' convention at Hotel Winton.

"People and things comprise the world," he said. "Advertising is the art of persuading people to buy things. People are interested more in themselves and in other people than in anything else. The housewife frequently asks her neighbor or her acquaintance what result she has obtained from certain food products. This in itself is a certain form of advertising."

"But the retail grocer should not depend solely upon this. He should adopt every possible phase of judicious advertising that will benefit his business."

"Always look at you store thru

the eyes of the buying public. How does it compare with other stores? What is it the leaders of the trade are doing that you are not doing? Superior selling methods these days are a big help in moving merchandise profitably. Attend your association meetings regularly. Keep abreast of the times. When taking inventory of your business and its prospects, check up on your age, your activity, your health and your capacity for forging ahead in the greatest business game in the world—selling groceries at a fair profit and delivering them to the consumer."

BUILDING PERMITS SLUMP TO \$33,820 THIS MONTH

Building permits during the month of June took a decided drop over the previous month and only total up \$33,820.

Of this number seven permits are for the erection of dwellings to cost \$25,300. Nineteen are for building garages to cost \$1,020, remodeling \$1,899, and miscellaneous repairs and building \$2,900.

ELEVATED TRACK WORK IN CITY PROGRESSING

Work on the New York Central grade crossing improvement is moving along slowly but surely. The Cedar street and East avenue cement walls are completed and one half of the work at Mill street and Washington avenue is done. The contractor has an ingenious arrangement by which the concrete mixer and box are located on a flat car and are shunted quickly to any spot desired. The West avenue crossing will be the last to be completed.

Foremen on the job state that they expect orders at any time now to put an increased force at work in making the concrete walls between the various streets, and in widening the roadbed.

Special Session Of Legislature To Start Monday

COLUMBUS, June 30.—Another proclamation has been issued by Governor Davis convening the state legislature in special session here beginning at 10 a. m. next Monday, July 3.

As was the case when the governor issued his proclamation last Saturday, convening the state legislature July 17, recommendation is made that legislation be enacted paving the way for submission to Ohio voters of a proposed amendment to the state constitution providing for an additional issuance of not to exceed \$10,000,000 in bonds, proceeds from the sale of which are to be used as bonus payments to Ohio veterans of the recent world war. The senate, also, is asked to confirm recess appointments made by Governor Davis.

In his new proclamation, advancing the special legislative session two weeks, Governor Davis is complying with the recommendations of prominent state officials and officers of the American Legion of Ohio, who desire submission of the proposed constitutional amendment at the August primaries, instead of at the November election.

"It has been represented to me by ex-service men that postponement of such constitutional amendment proposal to the electorate till that time (November) will entail hardship upon those ex-service men whose adjusted compensation will be unpaid when the present \$25,000,000 fund is depleted, and particularly, would cause possible suffering among many of the heirs of those of Ohio's men who died in war service," declared Governor Davis in his latest proclamation.

Australia has a movement on foot for the preservation of the gigantic "taring bark" tree, which are amongst the tallest in the world.

Trap Door in Box Aids Shoplifter

CINCINNATI, June 30.—Miss Lola Garver 21, and pretty, staggered a floor walker with a punch to the chin late yesterday, then kicked, fought and screamed when

a detective arrested for shoplifting. A box, ostensibly wrapped with paper and twine, but having a secret door in the side, was found in her possession and in it a \$75 dress she is said to have stolen.

Have Tie-Up

(Continued from Page One)

The department of the American Federation of Labor, would make no statement in reference to the hearing. "I am deaf, dumb and blind," he told those who sought to question him. A significant feature of the "strike call" was being pointed out to the men. The call does not order the men to strike, it was pointed out, but "authorizes them to go out to work at 10 a. m. Saturday, July first." In the event that proceedings should be brought against the rail union heads for calling a strike in violation of the transportation act, it was pointed out, the technical difference between "authorizing" and "calling" a strike might be taken advantage of.

Halts Strike Orders
The action of the labor board in halting the union chiefs and the rail executives for a conference authorized the dispatch of strike orders to the Brotherhood of maintenance of way employees. This union has voted to strike but the maintenance of the strike will be held in abeyance pending the outcome of today's conference. If the shopmen rescind this strike order it is thought unlikely that the maintenance of way men will be called out.

Hope For Settlement
As the hour for the conference drew near, Ben W. Hooper, chairman of the board gave the only expression of hope for a settlement of the rail controversy. He said he had "hopes" that the strike will be called off tonight. "I think the roads will agree to abolish the system of farming out work to contractors, and I have hopes that such a concession may bring peace," he declared.

J. F. McGrath, vice president of the shop employees union, said: "It is up to the railway executives. They can say the word—whether there is to be peace or war. So far as I know there is not the slightest foundation for any report that the strike is to be called off. Our men have voted to strike and they are standing firm on their demands."

That the railway executives will not yield an inch of ground" was the opinion expressed by John T. Walber, rail executive representing eastern roads.

"I am convinced the carriers will make no concession. I don't know how they can concede anything. The men are striking against

the government and not the roads."

Asks Acceptance
A statement issued by Ben W. Hooper, chairman of the labor board, after the call for today's conference had been sent out, appealed to the union men to "be good sports and accept the wage reductions." Hooper declared that the "people are sick and tired of having railway transportation periodically interrupted by controversies between railway managements and employees."

"The right to strike and tie up a private business is quite a different thing from any supposed right to obstruct the flow of commerce in this vast continent," Hooper said. "The people will not stand for it. I do not hesitate to make the prediction that never again will there be a successful railroad strike of any considerable proportions of importance in this country."

That today's session would produce "fireworks" was considered very likely. The union chiefs have grievances that have been smoldering for months and they are expected to "get them off their chests," at today's hearing. After the smoke has cleared away, however, it is believed that an adjustment will have been reached that will avert the threatened strike.

RAILROADS AT CLEVELAND TO USE STRIKE BREAKERS
CLEVELAND, June 30.—Roads centering in the Cleveland district are reliably reported today to have 10,000 men ready to take the place of men on their systems who quit their jobs when the nation wide strike of union railway employees becomes effective at 10 o'clock tomorrow. These men are said to be assembled in Cleveland, ready to be transported anywhere on the systems at a moment's notice.

At the same time heads of the railroad brotherhoods whose general offices are here announced that in the event of a strike train service employees would not be permitted to perform any of the duties ordinarily performed by the men affected by the strike order.

The question of private contracting enters into the strike here, as the entire freight handling on the Big Four railroad was contracted to the A. S. Hecker company, a Cleveland concern, and this company, it is understood, holds itself immune from the decisions of the railway labor board and free to enter the labor market and make the best possible bargain with men.

More than 1200 men in shops will be affected in the Cleveland district. About 800 men are now

employed in the Collinwood shops of the New York Central and 400 more are employed in the roundhouse.

In the order issued by officials of the operating brotherhoods is seen the possibility of a complete rail tieup, inasmuch as it is though possible that many of the engineers, firemen, conductors and other train service employees may refuse to work with strike breakers.

5,000 AT COLUMBUS
COLUMBUS, June 30.—Nearly 5,000 railroad maintenance employees here will be affected by the outcome of the conference at Chicago between the U. S. railroad labor board and union leaders. Local officials declared that practically every man will cease work if a nation wide strike is declared.

Six railroads operate maintenance of way departments and shopcrafts in this city, the Pennsylvania Railroad company alone having a working force of 3,000 men. The Hocking Valley lines carry 1163 employees on their payroll. Other shops that will be affected include the T. & O. lines with 175 shop men and 75 track men; the Big Four with 175 shop men; the N. & W. with 240 men and the B. & O. with 50 men. Railroad officials here are for the most part, taking no action, awaiting future developments.

Challenges Action
WASHINGTON, June 30.—The authority of the railroad labor board was challenged today by the congress which created it as a storm of denunciation followed the citation of union leaders on conspiracy charges.

Senatorial opposition, aroused by the board's action, was climaxed when its power to penalize strikes was questioned by Senator Cummins, author of the bill which brought it into existence. Cummins declared the transportation act which he framed was "never intended to penalize strikes."

The board's effort to avert the nation wide railroad strike, coming with a covert threat of injunctions and jail sentences for strike leaders, was condemned by Senator Norris, republican, Nebraska, as the first step toward thrusting union workmen into "human slavery." Norris denied the right of the board to prevent strikes or to penalize union leaders.

Senator Borah, republican, Idaho, long a foe of anti-labor legislation, announced the board was "without any power to compel attendance of union leaders upon its citation."

5,000 At Cincinnati
CINCINNATI, June 30.—Plans for the walkout of 5,400 railroad shopmen on 10 o'clock Saturday morning on the Pennsylvania Southern, Baltimore and Ohio, Louisville and Nashville, Big Four, Chesapeake and Ohio and Norfolk and Western roads in Cincinnati, Covington and Newport were being completed Friday. Secretaries of the local federations have received notice from B. M. Jewell of the railway employees department, American Federation of Labor, to have the men quit at the time and have notified members of their unions accordingly. The local unions will meet, most of them Friday night, to elect their strike committees.

Rebels in Dublin
(Continued from Page One)

Little wrecked Four Courts building, raised the white flag of defeat late this afternoon. Subsequently all the irregulars in the building were made prisoners.

The Irish provisional government issued the following communique after the surrender of the irregulars:

"Ernest O'Malley, on behalf of the irregulars surrendered unconditionally to the Irish free state troops. Roderick O'Connor, Liam Fellowes and the other principal officers among the republicans have been made prisoners."

Artillery In Action
DUBLIN, June 30.—The republican irregulars under Commandant Roderick "Rory" O'Connor, were driven from their chief stronghold today when the free state troops blew up the eastern wing of the Four Courts building. This building had been the center of fighting which has been raging in Dublin since Wednesday morning.

Failing to dislodge the irregulars with light artillery and machine gun fire, the free state artillery dropped a high explosive shell into the Four Courts building, blowing out the section that O'Connor and his men had been holding. The fate of O'Connor is unknown.

Free state troops occupied Trinity college. The irregulars retaliated by seizing buildings in Marlboro street, which they fortified and prepared to defend. The plant of the Freeman's Journal has been taken over by the Republicans.

Building Mined
BALLYSHANNON, Ireland, June 30.—Irish free state troops today captured the headquarters of the republican irregulars here and at Innishowen, taking 20 prisoners.

Harding Plain Talk

(Continued from Page One)

sage to the warring elements. He will then confer with his cabinet representatives with the hope that a way will be found to adjust present difficulties and get back to producing badly needed coal. Friends of the president asserted today that his patience with the whole coal industry "is mighty near exhausted." Both as Senator and president Mr. Harding has witnessed the periodical coal "crises" and their attendant public discomfort and he feels, according to his confidants, that the time has come to call a halt on the regular milking of the public by the industry as at present conducted.

Knows Situation
President Harding is thoroughly conversant with the arguments of both sides. The operators have informed him that the industry is over-developed and that the keen edge of competition compels them to keep production costs—principally labor costs—down as low as possible.

The president is equally conversant with the miners' problems—4 to 6 months work out of the year, hard work, dangerous work and the dreary prospect of unpaid grocery bills for the idle time when they can not work.

One thing regarded as very certain of coming out of the conference here tomorrow is a thorough government investigation into the entire industry, "from cellar to garret," as the cabinet spokesman said.

There were numerous reports today of "administration programs" for curing the ills of the industry, but so far as could be ascertained these plans, if they exist at all, are in a nebulous form and will require much labor before being reduced to any practical basis.

The cabinet discussed for more than an hour this morning the coal conference and the government's plans for ending what cabinet members declared to be "the present intolerable situation."

The connection between the coal industry and the possible strike of railway shop craftsmen tomorrow, but there was nothing to indicate that any particular line of policy had been determined upon. The opinion apparently prevailed that the railway labor board at Chicago should try its citation proceedings before anything is done in Washington.

HAZELTON, Pa., June 30.—The anthracite union mine chiefs left for Washington today to meet with President Harding tomorrow. They are determined to stand firmly for the present wage scale and against any commission or arbitration form of adjustment of the mine suspension which is not limited to negotiating a new wage agreement with the present scale as a minimum basis.

LORAIN PLANS TO ERECT \$17,000 MEMORIAL HALL
LORAIN, June 30.—First steps towards the erection of a Memorial hall in honor of the World War heroes were taken last night at a meeting held at the office of George L. Giltch. A fund of \$17,000 is already on hand for this purpose and an active canvass for additional funds will be begun.

JURY DISMISSED
When Judge Redington found that there was no jury trial ready this morning, he called the jury in front of him and dismissed them for this term. As a consequence there will be no more jury work until next September. The present jury has been in session for ten weeks and a large amount of business has been done by them.

WASHINGTON, June 30.—The league of nations has capitulated to the demand of the United States for changes in the mandates for Togoland, Kamerun and Syria, the state department was advised today.

and only one taxpayer had time and conviction to write me and thank me for it. I showed council how to save the city \$135,000 a year by cutting wages but our watchdogs of a city treasury stopped this saving.

"It is true I have not done nearly what I expected to do, however I have been able to accomplish a great deal," said Oles. He then recited how he had cleaned up the diamond changing it from a cesspool to a beautiful park; how he had cleaned up tenderloin and booze joints; improved traffic conditions and gone ahead with the bridge

improvements. "I have put Youngstown on the map not only in the United States but in the world; in Alaska, China, Japan, Jerusalem and Honolulu." The mayor promises some sensational statements tomorrow morning when he meets city council to submit his resignation.

Y. W. Conference Student Night Held Yesterday

OBERLIN, June 30—The Y. W. Girls' Industrial conference held a helpful and interesting Students' night Thursday evening. The aim of the meeting was co-ordination, that is to bring about co-operation between the student and the working girl. There at the conference as visiting guests, 2 college girls, who are going to represent the students' viewpoint. In this way it is hoped to bring the classes together in order that they may help each other. There were four speeches giving the viewpoint of the student, the industrial girl, viewed nationally, and second internationally. Eleanor Gauz, a student, presided. Helen Cherrington gave the international, assisted by a Chinese girl and an American girl; Harriet Dieter, the national; Grace Lee the student and Jessie Muir, the industrial viewpoint. Every girl present came away with a different light on the matter and a new way to help co-operate.

TWO IN RACE FOR P. O. JOB AT OBERLIN

OBERLIN, June 30—A civil service examination for the examination for postmaster of Oberlin to succeed M. A. Houghton, whose term expires September 19, will be held July 19. So far as is known there are but two avowed candidates for the position, Eugene G. Dick, city clerk and for several years money order and register clerk at the postoffice, and J. N. Stone, who served two terms as postmaster prior to the Wilson administration. The Oberlin office pays \$2,900 per year. The appointment is for four years. While Mr. Houghton is eligible to take the examination, it is understood that he will not do so.

Last Call—Last Chance

Tomorrow, Saturday, Last Day

Of the Greatest, Biggest Price Smashing Clearance Sale of Them All.

Further Price Reductions Are Being Made.

Owing to the tremendous crowds that have packed this store since the beginning of this sale, our assortments have been broken up and must be re-arranged. We have been practically taken off our feet and our stocks have been greatly reduced.

While there are hundreds of most desirable items left, they will have to be sorted out and re-lotted. As the lots may not represent complete assortments, further price reductions will have to be made to insure immediate disposal.

We Are Going to Re-mark Our Entire Stock Tonight and Hammer Prices Further Down

A LADIES' SHOP

371 BROAD STREET

The wind up of the shoe sale that has broken all records and made many friends, and some of the many reasons why you can't afford to let this opportunity pass.

1—THIS IS NOT A BANKRUPT SALE

You don't have to choose from a broken stock of bad sellers. You pick from a choice assortment of clean, fresh, up-to-date footwear.

2—YOU CAN BUY EXACTLY WHAT YOU WANT

At wholesale price, we can't afford to offer any other inducements except our footwear.

3—WE DON'T ASK YOU TO BUY

But we do ask you to come in and look. We are not seeking any profits, all we want is an absolute clean-up.

4—THE REASON FOR ALL THIS

Is that Mr. Gamble is taking over the management of this store, and his new policies for this store require a clean-up of this stock.

The NEW EDISON CONSOLE

in the WILLIAM MARY PERIOD DESIGN

To the true lover of antiquity in furniture design, as well as to the true lover of all that is beautiful in music, here at least is an opportunity—the New EDISON in a William and Mary Console at the remarkable price of \$325.

In this design is apparent the characteristic craft of the Anglo-Dutch Period—a digni-

fied simplicity that offers no obstacle to the buyer who wishes to harmonize the instrument with the furnishing scheme of any room.

The musical quality of this attractive model is guaranteed by the fact that it is the official Laboratory Model.

MAINTAIN TECHNICALS FOR EUROPE

Former Governor Cox and his family aboard the S. S. La France.

Former Gov. James M. Cox of Ohio, unsuccessful candidate for the presidency at the last elec-

tion, is taking his family to Europe for a tour of the continent. After his vacation Cox is expect-

ed to return and plunge into politics once more in preparation for the coming campaign.

PUTS ADDRESSES OF CANDIDATES ON BALLOT

COLUMBUS, June 30.—Secretary of state Smith has announced that the addresses of all candidates will appear on the state ballots to be used at the August primaries. This will be done, he said, for the purpose of enabling the voters to locate the names of the candidates for whom they wish to vote.

It is believed the addresses will eliminate the confusion which would otherwise result from similarity of names of a number of candidates. Each candidate's address is to appear under his or her name. Names of candidates are to be printed, as customary, in brief capitals and addresses in six point, which is somewhat smaller than newspaper type.

Secretary Smith expects to mail state ballots today to the county election boards. He also advises them to place on the ballots the addresses of district candidates, including those for congress and for state central committees. It will be up to the local election officials, too, to decide whether they will print the addresses of county candidates.

Withdrawal of the candidacy of Stanley McCall, Port Washington, for the democratic nomination for attorney general has been announced.

The campaign of state supreme judge James G. Johnson, for the democratic nomination for governor will be managed by Ray We-

WASHINGTON, June 30.—The house today passed a resolution asking the consent of the senate for an adjournment until August 15, without setting a date or the beginning of the summer recess. Republican leaders hope the adjournment can be taken tomorrow.

Protection From I. W. W. Men

CINCINNATI, June 29.—Threatened with death by a member of the I. W. W. as she was leaving the court room late Thursday afternoon, Mrs. Harry Sedgewick created a sensation after her husband had been found guilty of complicity in a holdup last October and court was adjourned, by rushing up to Judge Stanley Rottenger and imploring his protection. She said the man intercepted her in the hall as she was passing out with her two boys and told her the I. W. W. would "get" her for what she had told about it.

The judge and a deputy sheriff investigated, but the man had gone. A city detective was called and sent home with the woman. Mrs. Sedgewick had testified that Mike and Frank Solderis and Irvin Leischer, now serving terms in the Ohio penitentiary for holdup,

in which her husband was involved were members of the organization and had tried to make Sedgewick join. She said she had received several threatening I. W. W. letters.

Sedgewick's mother fainted while the judge was charging the jury. The prisoner will be sentenced, Friday.

THE STORY OF AN UNLOVED WIFE

THE GIRLS PAY FOR THEIR FOLLY

When I came to a woman's hand was offering me a glass. I drank thirstily, the feeling of nausea subsiding for the moment.

"You'll be better soon," a voice said as I sank back on the pillow, my eyes closed.

"Where was I? The question persisted between waves of faintness and itching. Would this never pass? I opened my eyes. It had been a nurse then. I was not dreaming.

A pleasant faced, middle aged woman in a starched uniform was smiling at me.

"Feel better now?" she asked. I nodded feebly, my eyes ranging past her. No, it wasn't a hospital. I was in my own room. But what was the matter with me? I had never sick. Why did I have a nurse? I sat up, holding my head in my hands.

Slowly and in bits, like the pieces of a kaleidoscope before my brain. All at once they clicked together and the picture was complete. I remembered.

With a groan I sank down on the pillows again. What an utter fool I had been to go on such a party. I might have known I would be sick. Would my skin never stop itching? I claved at myself frantically until the nurse seized my hands and held them.

"That doesn't help a bit," she said firmly. "With skillful hands I patted me with talcum powder. It felt cool for a moment but the itching soon began again.

I won't detail the events of that day except to say that I suffered torment and it served me right. Sarah Ann was in the same con-

GRANGE AND RATS CLASH SATURDAY

One of the best Saturday afternoon baseball games of the season anticipated at Riverview Park tomorrow afternoon when the Grange and LaGrange clash in one of the crucial games of the Lorain County League. LaGrange nosed out the Rats 3-2 at LaGrange but both the LaGrange and Rats teams have since to the Westerns and the loser tomorrow's battle will be practically put out of the running for league championship. Either Drager or Tulk will play for the Rats and Webb for Grange. It will probably be a chera's battle and an unusually large attendance is expected.

SPORTING EDITOR KILLED
MORRISTOWN, Pa., June 30.—Bob "Hiny" Maxwell, sports editor of the Evening Public Ledger, Philadelphia, died in the Montgomery hospital here early today from injuries received in a motor accident on Sunday.

FAIR BOARD BANS FIGHTS
NORWALK, O., June 30.—The county fair board has decided that no more boxing bouts shall be permitted at the fair grounds.

The Elyria City Team is establishing an enviable record this season and is making most of the Cleveland Triple A teams bow to the locals.

The record so far:
Elyria, 21, Lorain L. & N. 5.
Elyria 14, Cleveland W. of W. 1.
Elyria 4, Lorain Casers 5 (11 innings).

Elyria 12, Dover A. C. 3.
Elyria 3, Dover A. C. (10 innings).
Elyria 3, Cleveland Douglas Talors 8.
Elyria 3, Cleveland White Motors 2.
Elyria 14, Cleveland Handler Pros. 0.

The team is the fastest to represent Elyria since Homer, Davidson, Kagi and other Cleveland stars came here to assist Elyria in the old Trolley League and later when the locals played professional ball.

Some excellent attractions have been booked for the remainder of the season. The Cleveland Douglas Talors will be here Sunday.

The team plays Cleveland St. Theodosios here July 9. Lorain Casers here July 16. Dover A. C. here July 23. Cleveland Webber's A. A. or the Akron Beard's Drugs play here July 30.

The locals have an open date for out of town games on July 4 and another out of town game for August 6. These will be the only games the team will play away from home.

MEDINA

The American Legion are backing a huge Fourth of July celebration to be staged at Chipewa Lake. There will be an unusually good program of sports and events.

The Legion at Wadsworth is also fostering another large Fourth of July celebration and jubilee which will be a three-day affair, starting Saturday and ending with the awarding of an auto on Tuesday night. There will be band concerts daily, a quarter of a mile midway, and on the Fourth morning and afternoon baseball games between Wadsworth and LeRoy. Industrial parade, 25 rounds of boxing and street dancing.

Several gas gushers have been struck in Medina county including a 6,000,000 feet a day well on the Peter Brown farm at Mallet Creek and is the second one of identical flow on the farm. A 6,500,000 gusher has been struck on the old George Swartz farm in York township by the Ohio Fuel Supply Co. and a 5,000,000 foot well on the McNatt farm, also in York township. Several dry holes have been drilled.

ASHLAND

ASHLAND, June 30.—Gerald Hinkle and Edward Dilgard are under arrest charged with driving on the soft concrete on the Ashland-Mansfield road being improved.

Emma J. Yoder file suit for \$5,500 damages against John A. Henderson, F. P. Farquharson, J. A. Hemminger, Clint Bord, George Fry, George A. Bunt, Ella Bunt and Joe Benson, charging that she was forcibly taken from her home in Seneca county and taken to Savannah white too ill to appear in court, and held under surveillance for two days.

JACKSON-JOHNSON BOUT IS SHIFTED TO HAMILTON

WASHINGTON, O., June 30.—Tut Jackson last night affixed his signature to a contract providing for a 12 round bout to a decision with Jack Johnson, former world's champion heavyweight at Hamilton on July 4. Approval of the bout has been given by Hamilton authorities, and no legal difficulties are anticipated, as Judge C. A. Reid, who held the proposed fight here a prize fight and hence forbidden is quoted as saying that he is without jurisdiction, although his order barred Jackson from fighting for one year. Should it develop, it is said, that the bout at Hamilton is proven to be a prize fight then Jackson's bond for \$500 will be forfeited.

Ridgeville Case Settled Quickly

One of the shortest cases on record was completed in court today. H. P. Bombower, administrator of the estate of Elwyn J. Huber, began suit against the Cleveland & Southwestern Ry. for \$10,000 damages. Huber was killed at Ridgeville when he drove his motorcycle in front of a speeding car on the 17th of June last year. The company filed an immediate answer denying any liability claiming the accident was due to Huber's carelessness. The case was then submitted to a jury and a verdict for \$500 was given and the case was closed. It took about half an hour during the proceedings.

COMMERCIAL TRAVELERS TO ERRECT \$250,000 HOME

COLUMBUS, June 30.—An appropriation of \$250,000 was voted by supreme council members of the United Commercial Travelers, in session here, to be used in the erection of new U. C. T. headquarters in this city, at Russell and Park streets.

A new indemnity provision was approved by the council. It increased death insurance on members who are killed in passenger coaches to \$12,600, just double the present benefits.

The glass roof of Victoria Station, London, covers a space of ten acres.

THE SAM LLOYD OF THE DIAMOND IS WAITE HOYT, YANKEE HURLEK

Waite Hoyt, Yankee Hurlek, who is destined to be the best right handed hurler in the American league this season, is the Sam Lloyd of baseball and to the majority of waiters is as mystifying as an insurance policy to a Chinese coolie.

Hoyt was picked from the Brooklyn sandlots in 1916 by the Giants who farmed him out to Mount Carmel in the Pennsylvania State league. This league did a brodie and he journeyed on to New England where he joined the Hartford club. Later, while with Lynn, the Giants, recalled him and turned him over to Memphis in the Southern association. This was in 1917 and Memphis soon shipped him back to McGraw as a Dub.

His itinerary—reads like the advance agents for a three-ring circus for he went from Memphis to Montreal, Nashville and Newark and in 1919 trotted out with the

Boston Red Sox where he stayed until last season when he was traded with McNally Harper and Wallie Schang for Pratt, Ruel, Thormehlen and Vick. The Yankees didn't declare a legal holiday when he blew in for they really didn't expect much from him but about the middle of the season he developed into one of the best pitchers on the staff.

So far Hoyt has neglected to name his stuff but he seems to possess an hypnotic eye and a bit out of the old plug hat and adds to the mystery.
